Welcome Aspiring

A Teacher Training College is now called College of Education. Why? Training is somewhat mechanical and narrow, whereas education is a wider concept is a wider concept comprehensive and broad-based. We train animals, but we educate human beings....

“Education is not merely acquiring knowledge, gathering and correlating facts it is to see the significance of life as a whole”, says J. Krishnamurti

Bertrand Russell’s “mantra” of good life vis-s-vis of good education is, “that which is guided by knowledge and inspired by love”. We shall sincerely endeavor to realize these lofty ideals of course with the help of our dedicated faculty and guidance of visionary management. We hope the students of the College will have a very comfortable and fruitful stay over here.

The College is located in a natural environment, away from the noisy atmosphere of a crowded city. Open space and greenery all around the campus, coupled with vast play-fields, well equipped laboratories and library and beautiful building, makes the college distinct and unique in the Chhattisgarh.

Best Wishes
